*I Have a Secret: A First Counting Book* Holiday House

Like chickens? *The Secret Lives of Chickens*, or *Tales from the Chickenyard and Beyond* describes life with chickens, chicken behavior, and chicken community, a hidden life that isn't generally associated with chickens. There are tales about chickens and their pecking order in the chicken house, chicken yard, and out in the great beyond, which was the creek and fields nearby. The times and places seem simpler but actually are not, because of the feathered inhabitants within. Although the chickens and their lives are the main characters, *The Secret Lives of Chickens* relates stories about other birds and animals around the chickens. Chickens have their own culture that is more complex than we assume. They are stalwart little feathered beings that live with equanimity in the world around them, following the time-honored rules of the flock, day-in and day-out, in a generally pleasant and peaceful frame of mind. These are tales that happened over many years' time, but with chickens, it seems there is always more to learn. Each and every life is deeply touched by something or someone special. It doesn't matter who or what it is, because the soul recognizes and responds to what is honest and true, to a bright sunflower, to endless, soothing ocean waves, and to the soft cooing of contented chickens.

**Where Do Chicks Come From?** QED Books

One of Mexico's most celebrated new novelists, F. G. Haghenbeck offers a beautifully written reimagining of Frida Kahlo's fascinating life and loves. When several notebooks were recently discovered among Frida Kahlo's belongings at her home in Coyoacán, Mexico City, acclaimed Mexican novelist F. G. Haghenbeck was inspired to write this beautifully wrought fictional account of her life. Haghenbeck imagines that, after Frida nearly died when a streetcar's iron handrail pierced her abdomen during a traffic accident, she received one of the notebooks as a gift from her lover Tina Modotti. Frida called the notebook "The Hierba Santa Book" (The Sacred Herbs Book) and filled it with memories, ideas, and recipes. Haghenbeck takes readers on a magical ride through Frida's passionate life: her long and tumultuous relationship with Diego Rivera, the development of her art, her complex personality, her hunger for experience, and her ardent feminism. This stunning narrative also details her remarkable relationships with Georgia O'Keeffe, Leon Trotsky, Nelson Rockefeller, Ernest Hemingway, John Dos Passos, Henry Miller, and Salvador Dalí. Combining rich, luscious prose with recipes from "The Hierba Santa Book," Haghenbeck tells the extraordinary story of a woman whose life was as stunning a creation as her art.
