The New Cambridge Shakespeare appeals to students worldwide for its up-to-date scholarship and emphasis on performance. The series features line-by-line commentaries and textual notes on the plays and poems. Introductions are regularly refreshed with accounts of new critical, stage and screen interpretations. This second edition of *The Merchant of Venice* retains the text and Introduction prepared by M. M. Mahood and features a new introductory section by Charles Edelman. Where Mahood focuses in her Introduction on the expectations of the play's first audience and on our modern experience of seeing and hearing the drama performed, Edelman explores the play's sexual politics. He also foregrounds recent scholarship on the position of Jews in Shakespeare's time and surveys the international scope and diversity of theatrical interpretations of the text in the 1980s and 1990s. He pays particular attention to the ways in which directors and actors tackle the troubling figure of Shylock.

The Irish Culture Book 2 - Teacher Resource Book Carson-Dellosa Publishing

A journey into the vibrant and intriguing world of mathematics education *Teaching Mathematics in Grades 6 - 12* explores how research in mathematics education can inform teaching practice in grades 6-12. The author shows secondary mathematics teachers the value of being a researcher in the classroom by constantly experimenting with methods for developing students' mathematical thinking and then connecting this research to practices that enhance students' understanding of the material.

The chapters in Part I introduce secondary teachers to the field of mathematics education with cross-cutting issues that apply to teaching and learning in all mathematics content areas. The chapters in Part II are devoted to specific mathematics content strands and describe how students think about mathematical concepts. The goal of the text is to have secondary math teachers gain a deeper understanding of the types of mathematical knowledge their students bring to grade 6 - 12 classrooms, and how students' thinking may develop in response to different teaching strategies.

Based on a philosophy of active learning, this innovative text uses unfolding case studies as a compelling vehicle for learning fundamental nursing content. Unlike traditional vignettes, these case studies evolve over time as real-life situations, better enabling students to develop the skills they need to problem solve, actively engage, and use critical thinking techniques in new situations. The unfolding case study method also assists in the development of skills that are important for nursing students about to embark on the NCLEX-RN. The text incorporates all types of NCLEX-style questions into the unfolding case studies to facilitate exam preparation. This method offers a unique study opportunity that integrates all fundamental concepts and skills application with practice and professional role responsibilities. The patient care content areas that are needed for NCLEX-RN success--safe and effective care, health promotion, physiological and psychological integrity--are interwoven into an engaging format. References at the end of each chapter provide guidance for additional study as needed. Electronic and web resources provide quick access to valuable web-delivered information that will be useful in a clinical setting. eBook versions of this text will take the reader directly to the web resource. Key Features: Integrates core nursing concepts and content into unfolding case

studies Provides engaging test review preparation for course success and NCLEX-RN test success Offers students a refreshing new study option and relief from endless Q&A format offered by other content review books Develops critical thinking skills to help students "think like a nurse" Incorporates all types of NCLEX-style questions into unfolding case studies

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.
