BARRON ROSS

What the Dogs Have Taught Me

Harry N. Abrams

On a cold, quiet day between Christmas and the New Year, a man's body is found in an abandoned apartment. His friends look on, but they're dead, too. Their bodies found in squats and sheds and alleyways across the city. Victims of a bad batch of heroin, they're in the shadows, a chorus keeping vigil as the hours pass, paying their own particular homage as their friend's body is taken away, examined, investigated, and cremated. All of their stories are laid out piece by broken piece through a series of fractured narratives. We meet Robert, the deceased, the only alcoholic in a sprawling group of junkies; Danny, just back from uncomfortable holidays with family, who discovers the body and futilely searches for his other friends to share the news of Robert's death; Laura, Robert's daughter, who stumbles into the junky's life when she

moves in with her father after years apart; Heather, who has her own place for the first time since she was a teenager; Mike, the Falklands War vet; and all the others. Theirs are stories of lives fallen through the cracks, hopes flaring and dying, love overwhelmed by a stronger need, and the havoc wrought by drugs, distress, and the disregard of the wider world. These invisible people live in a parallel reality, out of reach of basic creature comforts, like food and shelter. In their sudden deaths, it becomes clear, they are treated with more respect than they ever were in their short lives. Intense, exhilarating, and shot through with hope and fury, *Even the Dogs* is an intimate exploration of life at the edges of society--littered with love, loss, despair, and a half-glimpse of redemption. *A Novel/ Forever*

In life some of us have come across as being overlooked due to our ancestors, current family members, or an associate in our inner circle have caused us to be labeled, out casted and or scorned of our reputation or well-being. Even though that

has happened, I come to tell you there is still hope for your life and your name. You still deserve every chance of opportunity that God has to offer you. The Bible declares every good and perfect gift comes from God above, (James 1:17). What God has for you is for you, and anything good or perfect worth having is definitely worth fighting for.

To Say Nothing of the Dog

Bantam

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's *The Great American Read* Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a

neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

Even the Dogs Speedy Publishing LLC

"A ferocious book, at once intense and alarmingly unsentimental" (James Wood, *The New Yorker*), this intimate exploration of life at the edges of society is littered with love, loss, despair, and a half-glimpse of redemption—now reissued with an introduction by Yiyun Li. On a cold, quiet day between Christmas and the New Year, a man's body is found in an abandoned apartment. His friends look on, but they're dead, too. Their bodies found in squats and sheds and alleyways across the city. Victims of heroin, they're ghosts in the shadows, a chorus keeping vigil as the hours pass, paying their own particular homage as their friend's body is taken away, examined, investigated, and cremated. All of their stories are laid out piece by broken piece through a series of fractured narratives. We meet Robert, the deceased, the only alcoholic in a sprawling group of junkies; Danny, just back

from uncomfortable holidays with family, who discovers the body; Laura, Robert's daughter, who stumbles into the drug addict's life when she moves in with her father after years apart; Heather, who has her own home for the first time since she was a teenager; Mike, the Falklands War vet; and all the others. Theirs are stories of lives fallen through the cracks, hopes flaring and dying, love overwhelmed by more immediate needs. These invisible people live in a parallel reality to most of us, out of reach of food and shelter. And in their sudden deaths, it becomes clear, they are treated with more respect than they ever were in their short lives. Winner of the International Dublin Literary Award, *Even the Dogs* is a daring and humane exploration of homelessness and addiction from "a writer who will make a significant stamp on world literature. In fact, he already has" (Colum McCann, winner of the National Book Award). [The Dogs](#) Simon and Schuster
First love gets a second chance when a mischievous dog finds a way to keep fetching the town librarian's high

school sweetheart in this charming small-town romance. The last person librarian Elinor Rodriguez wants to spend time with is her first love, Levi Jackson, but it seems her mischievous rescue dog has other ideas. Without fail, Dory slips from the house whenever Elinor's back is turned. And in Pine Hollow, calls about a dog herding cars on Main Street go straight to Levi. The quietly intense lawman broke Elinor's heart once, and now she's determined to move on, no matter how much she misses him. As the kid who barely graduated—and still struggles to hide his dyslexia—Levi always believed that Elinor was way out of his league. Even though he ended their engagement all those years ago, Elinor still takes Levi's breath away whenever he sees her. But with a little help from a four-legged friend, Levi and Elinor may just get the second chance they deserve. Includes the bonus novella *I'll Be Home for Christmas* by Hope Ramsay!
The Reservoir Tapes Vintage
OFF THE LEASH is a group portrait of dog people, specifically the strange, wonderful, neurotic, and

eccentric dog people who gather at Amory Park, overlooking Boston near Fenway Park. And it's about author Matthew Gilbert's transformation, after much fear and loathing of dogs and social groups, into one of those dog people with fur on their jackets, squeaky toys in their hands, and biscuits in their pockets. Gilbert, longtime TV critic at *The Boston Globe*, describes his reluctant trip into the dog park subculture, as the first-time owner of a stubbornly social Yellow Lab puppy named Toby. Like many Americans, he was happily accustomed to the safe distance of TV viewing and cell-phone web surfing, tethered to the digital leash. But the headstrong, play-obsessed Toby pulls him to Amory, and Amory becomes an exhilarating dose of presence for him. The joyous chaos of wrestling dogs and the park's cast of offbeat dog owners - the "pack of freaks" - gradually draw him into the here and now. At the dog park, the dog owners go off the leash, too. Dog-park life can be tense. When dogs fight, their owners - such as the reckless Charlotte - bare their teeth at each other, too. Amid the

rollicking dog play, feelings tend to surface faster, unedited. But Gilbert shows how Amory is an idyllic microcosm, too, the home of enduring friendships and, as the droll but vulnerable Hayley knows, romantic crushes. Meeting daily, a gathering of dog owners can be like group therapy, or *The Office*, or a standup concert. As a TV critic, Matthew Gilbert is well-known by his readership for his humorous and wry writing style. A charming narrative that will appeal to anyone who has ever enjoyed watching a puppy scamper through a park, *OFF THE LEASH* is a paean to dog lovers and their pets everywhere, perfect for fans of *Marley & Me* and *Merle's Door*.
A Novel/ Catapult
 "A companion piece to his Man Booker-longlisted *Reservoir 13*, McGregor's latest works perfectly well as a standalone, offering an alternately sweet and suspenseful depiction of a community as it reacts, person by person, to the disappearance of a teenage girl."
 —Entertainment Weekly
 A teenage girl has gone missing. The whole community has been called upon to join the search. And now an

interviewer arrives, intent on capturing the community's unstable stories about life in the weeks and months before Becky Shaw vanished. Each villager has a memory to share or a secret to conceal, a connection to Becky that they are trying to make or break. A young wife pushes against the boundaries of her marriage, and another seeks a means of surviving within hers. A group of teenagers dare one another to jump into a flooded quarry, the weakest swimmer still awaiting his turn. A laborer lies trapped under rocks and dry limestone dust as his fellow workers attempt a risky rescue. And meanwhile a fractured portrait of Becky emerges at the edges of our vision—a girl swimming, climbing, and smearing dirt onto a scared boy's face, images to be cherished and challenged as the search for her goes on.
[The Curious Incident of the Dog in the Night-Time](#)
 Speedy Publishing LLC
 The Author truly believes that the dog is God's most perfect creation, and it shows by the unconditional love dog shows for man. This trait is not shown by any other

creature and only shown in the relationship dog has with man, and is a gift from God to man. God is the only other that shows this unconditional love towards man, so the Author feels the dog is very special in God's eyes, even the name "Dog" is a reflection of the name "God". This book will touch on all your emotions, happiness, sadness, anger and in the final chapter this Author's vision of why dogs go to heaven, you will feel the unconditional love given to man only from God and Dog. We all have heard the Gospel stories of Jesus, but the Author tastefully injected a loving companion dog into some of these beautiful stories. He knew some might take offense with him messing with the Gospels, but he is a man of great faith as well as a dog parent, and he takes great pain in writing this book so as to not change the Gospel's real meaning. The best way to see if this book is for you is to hit the look inside button, and you will be able to read the full chapter before you buy. There are a few purely fictional chapters that were added, but they are respectfully written and take nothing from the scriptures.

Off the Leash Scholastic Canada

Rowf, a shaggy black mongrel, and Snitter, a black-and-white fox terrier, are among dozens of animals being cruelly held in a testing facility in North West England. When one of the handlers fails to close Rowf's cage properly, the two dogs make a daring escape into the English countryside, where they befriend a red fox who helps them survive in the wild. But as rumors circulate that the dogs may have been the test subjects for biological weapons and could be carrying a terrible plague, they soon find themselves targets of a great dog hunt. Local farmers, politicians, scientists, and even the military join in the search to track them down. An unforgettable tale of fantasy and adventure, a powerful exploration of the limits of human cruelty and kindness, *The Plague Dogs* stands as a modern-day classic.

Even the Dogs

Bloomsbury Publishing USA

"Powered by insight and true wit." --Meg Wolitzer, *New York Times* bestselling author of *The Female Persuasion* "I can't remember the last time I was as completely

bewitched by a fictional character as I was by Bea Seger . . . What a treat to view life through the eyes of this funny, smart, gutsy woman." --Richard Russo, author of *Empire Falls* and *Chances Are...* Bea Seger has spent a lifetime running from her childhood. The daughter of a famous photographer, she and her brothers were the subjects of an explosive series of images in the 1960s known as the *Marx Nudes*. Disturbing and provocative, the photographs left a family legacy of grief felt long past the public outcry and media attention. Now, decades later, both the *Museum of Modern Art* and *Hollywood* have come calling, eager to cash in on the enduring interest in these infamous photos. Bea faces a choice: Let the world in--and be financially compensated for the trauma of her childhood--or leave it all locked away in a storage unit forever. Twice divorced from but still dependent on aging rock star Gary Going, Bea lives in Manhattan with her borrowed dog, Dory, and her sort-of half-sister, Echo. Navigating old resentments and betrayals, Bea stumbles towards her best future,

even as the past looms larger than ever before. Carry the Dog reverberates with rock and roll, and truths about the human condition of a late-blooming feminist. To inhabit this story is to be swept into Bea's world, to bear witness as the little girl in the photographs and the woman in the mirror meet at the blurry intersection of memory and truth, disappointment and gratitude, vulnerability and connection, and most of all, resilience.

What Dogs See, Smell, and Know Villard

Feisty Lulu sets out to make some dough in this illustrated chapter book with “plenty of appeal” (Kirkus Reviews) from children’s book legends Judith Viorst and Lane Smith. The stubbornly hilarious Lulu has decided it’s time to buckle down and earn some cash. How else can she save up enough money to buy the very special thing that she is ALWAYS and FOREVER going to want? After some failed attempts at lucrative gigs (baking cookies, spying, reading to old people), dog walking seems like a sensible choice. But Brutus, Pookie, and Cordelia are not interested in making the

job easy, and the infuriatingly helpful neighborhood goody-goody, Fleischman, has Lulu at the end of her rope. And with three wild dogs at the other end, Lulu’s patience is severely tested. Will she ever make a friend—or the money she needs? In this standalone sequel to Lulu and the Brontosaurus, children’s book legends Judith Viorst and Lane Smith once again prove that even the loudest, rudest, and most obstinate of girls can win us over.

Dogs in space! Share this book with middle graders who enjoy stories about dogs, space adventures, or action adventure stories—or all three!

Lopside is a Barkonaut, a specially trained dog who assists human astronauts on missions in space. He and the crew aboard the spaceship Laika are en route to set up an outpost on a distant planet. When the mission takes a disastrous turn, the Barkonauts on board suddenly find themselves completely alone on their severely damaged ship. Survival seems impossible. But these dogs are Barkonauts—and Barkonauts always complete their mission. SOS. Ship damaged. Human crew missing. We are the dogs. We are alone.

[Big Dogs & Puppy Facts for Kids | Dogs Book for Children | Children's Dog Books](#) Algonquin Books
Going to the Dogs is set in Berlin after the crash of 1929 and before the Nazi takeover, years of rising unemployment and financial collapse. The moralist in question is Jakob Fabian, “aged thirty-two, profession variable, at present advertising copywriter . . . weak heart, brown hair,” a young man with an excellent education but permanently condemned to a low-paid job without security in the short or the long run. What’s to be done? Fabian and friends

make the best of it—they go to work though they may be laid off at any time, and in the evenings they go to the cabarets and try to make it with girls on the make, all the while making a lot of sharp-sighted and sharp-witted observations about politics, life, and love, or what may be. Not that it makes a difference. Workers keep losing work to new technologies while businessmen keep busy making money, and everyone who can goes out to dance clubs and sex clubs or engages in marathon bicycle events, since so long as there's hope of running into the right person or (even) doing the right thing, well—why stop? Going to the Dogs, in the words of introducer Rodney Livingstone, “brilliantly renders with tangible immediacy the last frenetic years [in Germany] before 1933.” It is a book for our time too. The Dogs of March Simon and Schuster

As an unabashed dog lover, Alexandra Horowitz is naturally curious about what her dog thinks and what she knows. As a cognitive scientist she is intent on understanding the minds of animals who cannot say what they know or feel. This is a

fresh look at the world of dogs -- from the dog's point of view. The book introduces the reader to the science of the dog -- their perceptual and cognitive Abilities -- and uses that introduction to draw a picture of what it might be like to be a dog. It answers questions no other dog book can -- such as: What is a dog's sense of time? Does she miss me? Want friends? Know when she's been bad? Horowitz's journey, and the insights she uncovered from studying her own dog, Pumpnickel, allowed her to understand her dog better, and appreciate her more through that understanding. The reader will be able to do the same with their own dog. This is not another dog training book. Instead, Inside of a Dog will allow dog owners to look at their pets' behaviour in a different, and revealing light, enabling them to understand their dogs and enjoy their relationship even more.

The Ralph Steadman Book of Dogs Catapult

The perfect gift for dog lovers and readers of *Inside of a Dog* by Alexandra Horowitz—this New York Times bestseller offers mesmerizing

insights into the thoughts and lives of our smartest and most beloved pets. Does your dog feel guilt? Is she pretending she can't hear you? Does she want affection—or just your sandwich? In their New York Times bestselling book *The Genius of Dogs*, husband and wife team Brian Hare and Vanessa Woods lay out landmark discoveries from the Duke Canine Cognition Center and other research facilities around the world to reveal how your dog thinks and how we humans can have even deeper relationships with our best four-legged friends. Breakthroughs in cognitive science have proven dogs have a kind of genius for getting along with people that is unique in the animal kingdom. This dog genius revolution is transforming how we live and work with dogs of all breeds, and what it means for you in your daily life with your canine friend.

WINNER OF THE BETTY TRASK AWARD
WINNER OF THE SOMERSET MAUGHAM AWARD
LONGLISTED FOR THE MAN BOOKER PRIZE
A Memoir Simon and Schuster

Now in paperback--the internationally acclaimed psychological thriller from Governor General's Award nominee Allan Stratton. Cameron and his mom have been on the run for five years. His father is hunting them--or at least that's what Cameron's been told. When they settle into an isolated farmhouse, Cameron soon finds himself embroiled in the unsolved mystery of a woman and child who disappeared decades ago, and he starts to hear and see things that just aren't possible. What's hiding in the night? What's buried in the past? Are there dark secrets to uncover, or is Cameron's own mind playing tricks on him? In *The Dogs*, acclaimed author Allan Stratton manages to deliver at once a page-turning thriller and a powerful exploration of the realities of domestic violence and its after-effects.

The Story of a Moralist

Catapult

Award-winning comedy writer Merrill Markoe, the slightly warped mind behind *Stupid Pet Tricks*, is an old hand with dogs. She knows who's boss (they are) and the myriad ways a loving pet can make you feel guilty twenty-four hours a day. This new edition of Merrill

Markoe's classic collection of humorous essays gives readers the choicest selections along with brand-new material. In these razor-sharp essays, Markoe recounts her dogs' phone chats with animal communicators, her search for past lives, and her brief stint as a stun gun saleswoman. She describes the workshop that taught her how to launch an Internet porn business and another that gave proper instruction in the esoteric art of becoming a dominatrix. She shares insight into what it is like to structure your day using only dog rules, how to spot a really horrible restaurant, and what it's like to have a romantic dinner with Fabio. There's even a bright side to preparing for the apocalypse: "At last, it is time to forget about fat grams and low cholesterol." This enchantingly rambunctious and boundlessly enjoyable book gives you Merrill Markoe at her best. You'll devour it in one sitting (and so may your pet).

The Power of the Dog

Simon and Schuster
"His life had come to this: save a few deer from the jaws of dogs. He was a small man sent to perform

a small task." Howard Elman is a man whose internal landscape is as disordered as his front yard, where native New Hampshire birches and maples mingle with a bullet-riddled washer, abandoned bathroom fixtures, and several junk cars. Howard, anti-hero of this first novel in Ernest Hebert's highly acclaimed *Darby Chronicles*, is a man who is tough and tender. Howard's battle against encroaching change symbolizes the class conflict between indigenous Granite Staters scratching out a living and citified immigrants with "college degrees and big bank accounts." Like the winter-weakened deer threatened by the dogs of March--the normally docile house pets whose instincts arouse them to chase and kill for sport--Howard, too, is sorely beset. The seven novels of Hebert's *Darby Chronicles* cover 35 years in the life of a small New England town as seen through the eyes of three families--the Elmans, the Salmons, and the Jordans--each representing a distinct social class. It all starts with *The Dogs of March*, cited for excellence in 1980 by the Hemingway Foundation

(now the Pen Faulkner Award for Fiction).
