Scholars of Islam are familiar with the Koran's many errors and contradictions, but these have rarely been revealed to a wider public. THE ORIGINS OF THE KORAN is

an attempt to remedy this deficiency by bringing together classic critical essays which raise key issues surrounding Islam's holy book. Indispensable to scholars and all those interested in the textual underpinning of one of the fastest growing religions in the world.

This is the first encyclopedic guide to the

history of relations between Jews and Muslims around the world from the birth of Islam to today. Richly illustrated and beautifully produced, the book features more than 150 authoritative and accessible articles by an international team of leading experts in history, politics, literature, anthropology, and philosophy. Organized

thematically and chronologically, this indispensable reference provides critical facts and balanced context for greater historical understanding and a more informed dialogue between Jews and Muslims. Part I covers the medieval period; Part II, the early modern period through the nineteenth century, in the Ottoman Empire, Africa, Asia, and Europe; Part III, the twentieth century, including the exile of Jews from the Muslim world, Jews and Muslims in

Israel, and Jewish-Muslim politics; and Part IV, intersections between Jewish and Muslim origins, philosophy, scholarship, art, ritual, and beliefs. The main articles address major topics such as the Jews of Arabia at the origin of Islam; special profiles cover important individuals and places; and excerpts from primary sources provide contemporary views on historical events. Contributors include Mark R. Cohen, Alain Dieckhoff, Michael Laskier, Vera Moreen, Gordon D.

Newby, Marina Rustow, Daniel Schroeter, Kirsten Schulze, Mark Tessler, John Tolan, Gilles Veinstein, and many more.  Muhammad's was a life of almost unparalleled historical importance; yet for all the iconic power of his name, the intensely dramatic story of the prophet of Islam is not well known. In *The First Muslim*, Lesley Hazleton brings him vibrantly to life. Drawing on early eyewitness sources and

on history, politics, religion, and psychology, she renders him as a man in full, in all his complexity and vitality. Hazleton's account follows the arc of Muhammad's rise from powerlessness to power, from anonymity to renown, from insignificance to lasting significance. How did a child shunted to the margins end up revolutionizing his world? How did a merchant come to challenge the established order with a new vision of social justice? How did the

pariah hounded out of Mecca turn exile into a new and victorious beginning? How did the outsider become the ultimate insider? Impeccably researched and thrillingly readable, Hazleton's narrative creates vivid insight into a man navigating between idealism and pragmatism, faith and politics, non-violence and violence, rejection and acclaim. The First Muslim illuminates not only an immensely significant figure but his lastingly relevant legacy. Agnostic Atlantic Books

A young Muslim leader's memoir of his struggles to forge an American Muslim identity Haroon Moghul was thrust into the spotlight after 9/11, becoming an undergraduate leader at New York University's Islamic Center forced into appearances everywhere: on TV, before interfaith audiences, in print. Moghul was becoming a prominent voice for American Muslims even as he struggled with his relationship to Islam. In high school he was barely

a believer and entirely convinced he was going to hell. He sometimes drank. He didn't pray regularly. All he wanted was a girlfriend. But as he discovered, it wasn't so easy to leave religion behind. To be true to himself, he needed to forge a unique American Muslim identity that reflected his beliefs and personality. How to Be a Muslim reveals a young man coping with the crushing pressure of a world that fears Muslims, struggling with his faith and searching for

intellectual forebears, and suffering the onset of bipolar disorder. This is the story of the second-generation immigrant, of what it's like to lose yourself between cultures and how to pick up the pieces.

One day, the Prophet Muhammad was describing Khadija's virtue, and he pointed to the heaven and earth with his finger and stated, "Mary, mother of Jesus, is the best of the women of

the heavens, and the worthiest woman still living on this earth is Khadija, daughter of Khuwaylid." Khadija's life is a source of great inspiration to believers, especially women. She is an excellent example of how one can give to the cause of Islam one's time, energy, wealth and life. Her story is a reminder to believers to live purposeful lives and, in our prayers, we should remember Khadija and the whole family of the Prophet for their sacrifice and dedication. It was

precisely their sacrifice, dedication and hard work that made it possible for Islam to reach all the four corners of the world and allowed the Quran to be preserved in its original form. May Allah be pleased with them all. Once when the Prophet Muhammad was in the Cave of Hira with the angel Jibril, or Gabriel, Jibril saw from afar that Khadija was coming towards the Cave. He said to the Prophet: "Khadija is coming here. She has brought some food and water for you." And then

he added: "When she comes in, give her the greetings from her Lord and tell her that there will be a house made of pearls for her in Paradise where there will be neither hardship nor any clamour." When Khadija arrived, the Prophet said to her: "Here is Jibril. He is giving greetings to you from your Lord and he himself is greeting you." Khadija replied: "God is peace and He is the source of all peace! May Allah's peace and blessings be upon you, O Messenger of Allah. And

my greeting to Jibril!"

The Wrong Kind of Muslim is a call to unite those of all faiths and of no faith in the struggle for universal freedom of conscience. Since 9/11, terrorists in Pakistan have killed over 40,000-and counting. Often risking his life, Qasim Rashid journeys into the heart of that terrorism to unearth the untold story of those silenced by Taliban suicide bombings, secret police torture, and state sponsored religious

persecution. Rashid exposes the horrifying truth about growing radicalism in Pakistan and its impact on Western security. But most importantly, Rashid uncovers the inspiring untold story of millions fighting back-and winning. EDITORIAL REVIEWS & CRITICAL ACCLAIM "A heartfelt memoir of Muslim-on-Muslim discrimination and oppression. A harrowing yet hopeful story of modern-day religious persecution." - Kirkus Reviews. The Wrong Kind

of Muslim is the Recipient of the Kirkus Star, Awarded to Books of Exceptional Merit "In his adopted home of America, Qasim Rashid has experienced stereotyping and discrimination as a Pakistani-born Muslim. In his native home of Pakistan, Rashid and his family are subject to persecution because their Ahmadi Muslim faith is considered heretical by many in the Sunni Muslim majority. Rashid's heartfelt story compels admiration for him and a deeper appreciation for

America's guarantee of religious freedom." The Honorable TIM KAINÉ, United States Senator "The Wrong Kind of Muslim is a significant and alarming book. It tells the story of growing religious intolerance in Pakistan, a nation profoundly important to American security, where the acceptable bounds of faith have become ever tighter in recent years. Victims of persecution have included Christians and Hindus, but also Muslim believers whom Islamists deem heretical. The book

demands attention as a passionate call for peace and wide-ranging toleration." Baylor University Distinguished Professor of History DR. PHILIP JENKINS, Author of Images of Terror: What We Can And Can't Know About Terrorism and recognized by The Economist as "one of America's best scholars of religion" "The Wrong Kind of Muslim is a young American's personal journey into his heritage and religion as a vehicle into the history and ongoing phenomenon of

faith-based persecution and target-killings in Pakistan - starting with a childhood bullying incident in Chicago. A compelling account, often painful, sometimes uplifting, told with honesty and humor. A must-read for anyone who cares about human rights, humanity, freedom of expression, thought and conscience, not just in Pakistan but anywhere in the world." Pakistani Journalist and Film Maker BEENA SARWAR, Former Fellow at Carr Center for Human Rights Policy at

Harvard "The Wrong Kind of Muslim is an inspiring book that should be in every high school and college classroom around the world. It educates and motivates its readers, whether in the East or in the West, on how to overcome ignorance and extremism peacefully- even in the face of bitter persecution." The Story of the Qur'an

John Wiley & Sons

The first Christians to meet Muslims were not Latin-speaking Christians from the western Mediterranean or Greek-speaking Christians from Constantinople but rather Christians from northern Mesopotamia who spoke the Aramaic dialect of Syriac. Living in what constitutes modern-day Iran, Iraq, Syria, and eastern Turkey, these Syriac Christians were

under Muslim rule from the seventh century to the present. They wrote the earliest and most extensive accounts of Islam and described a complicated set of religious and cultural exchanges not reducible to the solely antagonistic. Through its critical introductions and new translations of this invaluable historical material, *When Christians First Met Muslims* allows scholars, students, and the general public to explore the earliest interactions of what

eventually became the world's two largest religions, shedding new light on Islamic history and Christian-Muslim relations.

The First Muslim

Doubleday Religion
Servants of Allah presents a history of African Muslims, following them from West Africa to the Americas. Although many assume that what Muslim faith they brought with them to the Americas was quickly absorbed into the new Christian milieu, as Sylviane A. Diouf demonstrates in this

meticulously-researched, groundbreaking volume, Islam flourished during slavery on a large scale. She details how, even while enslaved, many Muslims managed to follow most of the precepts of their religion. Literate, urban, and well-traveled, they drew on their organization, solidarity and the strength of their beliefs to play a major part in the most well-known slave uprisings. But for all their accomplishments and contributions to the history and cultures of the

African Diaspora, the Muslims have been largely ignored. *Servants of Allah—a Choice 1999 Outstanding Academic Title*—illuminates the role of Islam in the lives of both individual practitioners and communities, and shows that though the religion did not survive in the Americas in its orthodox form, its mark can be found in certain religions, traditions, and artistic creations of people of African descent. This 15th anniversary edition has been updated to include

new materials and analysis, a review of developments in the field, prospects for new research, and new illustrations.

In the midst of the

dramatic seventh-century war between two empires, Muhammad was a spiritual seeker in search of community and sanctuary. Many observers stereotype Islam and its scripture as inherently extreme or violent—a narrative that has overshadowed the truth of its roots. In this masterfully told account, preeminent Middle East expert Juan Cole takes us back to Islam's—and the Prophet Muhammad's—origin story. Cole shows how Muhammad came of age in an era of

unparalleled violence. The eastern Roman Empire and the Sasanian Empire of Iran fought savagely throughout the Near East and Asia Minor. Muhammad's profound distress at the carnage of his times led him to envision an alternative movement, one firmly grounded in peace. The religion Muhammad founded, Islam, spread widely during his lifetime, relying on soft power instead of military might, and sought armistices even when militarily attacked. Cole sheds light

on this forgotten history, reminding us that in the Qur'an, the legacy of that spiritual message endures. A vibrant history that brings to life the fascinating and complex world of the Prophet, Muhammad is the story of how peace is the rule and not the exception for one of the world's most practiced religions.

The people who selected, edited, and published the new print books on and about Islam exerted a

huge influence on the resulting literary tradition. These unheralded editors determined, essentially, what came to be understood by the early twentieth century as the classical written "canon" of Islamic thought.

Collectively, this relatively small group of editors who brought Islamic literature into print crucially shaped how Muslim intellectuals, the Muslim public, and various Islamist movements understood the Islamic intellectual tradition. In this book Ahmed El Shamsy

recounts this sea change, focusing on the Islamic literary culture of Cairo, a hot spot of the infant publishing industry, from the late nineteenth and twentieth centuries. As El Shamsy argues, the aforementioned editors included some of the greatest minds in the Muslim world and shared an ambitious intellectual agenda of revival, reform, and identity formation. .

In this gripping narrative history, Lesley Hazleton tells the tragic story at the heart of the ongoing rivalry between the Sunni and Shia branches of

Islam, a rift that dominates the news now more than ever. Even as Muhammad lay dying, the battle over who would take control of the new Islamic nation had begun, beginning a succession crisis marked by power grabs, assassination, political intrigue, and passionate faith. Soon Islam was embroiled in civil war, pitting its founder's controversial wife Aisha against his son-in-law Ali, and shattering Muhammad's ideal of unity. Combining meticulous research with

compelling storytelling, After the Prophet explores the volatile intersection of religion and politics, psychology and culture, and history and current events. It is an indispensable guide to the depth and power of the Shia-Sunni split.

Stories of 20 Mighty Muslim Heroes

Princeton University Press
In 1105, six years after the first crusaders from Europe conquered Jerusalem, a Damascene Muslim jurist named 'Ali ibn Tahir al-Sulami (d. 1106) publicly

dictated an extended call to the military jihad (holy war) against the European invaders. Entitled *Kitab al-Jihad* (The Book of the Jihad), al-Sulami's work both summoned his Muslim brethren to the jihad and instructed them in the manner in which it ought to be conducted, covering topics as diverse as who should fight and be fought, treatment of prisoners and plunder, and the need for participants to fight their own inner sinfulness before turning their efforts against the enemy.

Al-Sulami's text is vital for a complete understanding of the Muslim reaction to the crusades, providing the reader with the first contemporary record of Muslim preaching against the crusaders. However, until recently only a small part of the text has been studied by modern scholars, as it has remained for the most part an unedited manuscript. In this book Niall Christie provides a complete edition and the first full English translation of the extant sections (parts 2, 8, 9 and

12) of the manuscript of al-Sulami's work, making it fully available to modern readers for the first time. These are accompanied by an introductory study exploring the techniques that the author uses to motivate his audience, the precedents that influenced his work, and possible directions for future study of the text. In addition, an appendix provides translations of jihad sermons by Ibn Nubata al-Fariqi (d. 985), a preacher from Asia Minor whose rhetorical

style was highly influential in the development of al-Sulami's work.

Jezebel Th Publishing In 'Faith in the New Millennium', Matthew Avery Sutton and Darren Dochuk bring together a collection of essays from renowned historians, sociologists, and religious studies scholars that address the future of religion and American politics.

How to Be a Muslim

Goodword Books

A trio of friends from New York City find themselves trapped inside a

mechanical board game that they must dismantle in order to save themselves and generations of other children in this action-packed debut that's a steampunk Jumanji with a Middle Eastern flair. Nothing can prepare you for *The Gauntlet*... It didn't look dangerous, exactly. When twelve-year-old Farah first laid eyes on the old-fashioned board game, she thought it looked...elegant. It is made of wood, etched with exquisite images—a palace with domes and

turrets, lattice-work windows that cast eerie shadows, a large spider—and at the very center of its cover, in broad letters, is written: *The Gauntlet of Blood and Sand*. *The Gauntlet* is more than a game, though. It is the most ancient, the most dangerous kind of magic. It holds worlds inside worlds. And it takes players as prisoners. *Muhammad* Dundurn "You Truly Assumed is a beautiful portrayal of the multitude of ways to be Black and Muslim while

navigating our contemporary world. A must-read for everyone."—Adiba Jaijirdar, author of *The Henna Wars* In this compelling and thought-provoking debut novel, after a terrorist attack rocks the country and anti-Islamic sentiment stirs, three Black Muslim girls create a space where they can shatter assumptions and share truths. Sabriya has her whole summer planned out in color-coded glory, but those plans go out the window after a terrorist

attack near her home. When the terrorist is assumed to be Muslim and Islamophobia grows, Sabriya turns to her online journal for comfort. You Truly Assumed was never meant to be anything more than an outlet, but the blog goes viral as fellow Muslim teens around the country flock to it and find solace and a sense of community. Soon two more teens, Zakat and Farah, join Bri to run *You Truly Assumed* and the three quickly form a strong friendship. But as the blog's popularity

grows, so do the pushback and hateful comments. When one of them is threatened, the search to find out who is behind it all begins, and their friendship is put to the test when all three must decide whether to shut down the blog and lose what they've worked for...or take a stand and risk everything to make their voices heard.
