CSI meets Harry Potter in this graphic novel from Ben Aaronovitch - writer of the bestselling Rivers of London supernatural police procedural crime novel series, Andrew Cartmel author of The Vinyl Detective and Celeste Bronfman. Illustrations from a mysterious book of fairy tales drawn in the late 1800s are coming to life in the 21st Century and causing havoc. The illustrations were originally painted by a Victorian artist called Jeter Day who disappeared one night in an enchanted forest when he was spirited away by tree nymphs

never to be seen again... Now, with the enchantment accidentally broken by Olympia and Chelsea, daughters of the river goddess Mama Thames, Jeter, twisted by his time spent with the nymphs, has returned to our world bitter and resentful. It is a world he neither recognises nor likes. All he wants is his life returned to him and woe betide any man who stands in his way. With Peter and Nightingale busy on another case, it falls to sisters Olympia and Chelsea with the help of the Foxes to stop Jeter and save the day.

This unique volume offers a rare glimpse at the development of the first Rivers of London graphic novel, Body Work, showcasing the script by Ben Aaronovitch and Andrew Cartmel in a side-by-side comparison with the artwork by Lee Sullivan and colorist Luis

Guerrero. Universally acclaimed by critics and fans alike on its release in 2016, Ben Aaronovitch's Rivers of London graphic novel series has gone on to spawn eight further adventures, featuring Metropolitan police officer and part-time wizard Peter Grant as he examines unusual crimes that involve magic or the supernatural in the dark belly of London's underworld. Body Work sees Peter Grant investigate a mysterious suicide that soon leads him on a chase through the streets of London after a possessed car on a homicidal killing spree. But what links it to a Bosnian refugee, the Most Haunted Car in the England, a bunch of teenagers loaded on Ketamine and a seemingly harmless wooden bench with the darkest of pasts?

There, she gives birth to twins, and plans to raise them far from the influence of the outside world. But even in the forest, Vern is a hunted woman. Forced to fight back against the community that refuses to let her go, she unleashes incredible brutality far beyond what a person should be capable of, her body wracked by inexplicable and uncanny changes. To understand her metamorphosis and to protect her small family, Vern has to face the past, and more troublingly, the future—outside the woods.

Finding the truth will mean uncovering the secrets of the compound she fled but also the violent history in America that produced it. Rivers Solomon's *Sorrowland* is a genre-bending work of Gothic fiction. Here, monsters aren't just individuals, but entire nations. It is a searing, seminal book that marks the arrival of a bold, unignorable voice in American fiction.

Set in an alternate reality where Richard the Lionheart's descendants rule the Anglo-French Empire, the laws of magic have developed in place of the laws of physics. In this late 20th century world, people still travel through pea fog by horse and carriage, but magic has made levitation and enchantment spells the norm, especially at a sorcerer's convention. The International Sorcerer's Convention is in full swing. Until London's Chief Forensics Sorcerer, Sir James Zwinge, is found dead inside a locked room, that is. Master Sean O Lochlainn had been at odds with Sir James over competing breakthroughs in incision-free surgery, making him the prime suspect. It's up to Lord Darcy to solve Sir James' murder and exonerate his own forensic sorcerer and trusted assistant. But the mystery deepens when the murder of a Naval spy is connected to that of Sir James' death. Conflict with Poland, a dominating world power, changes the game and suddenly there is a lot more at stake than the freedom of Lord Darcy's old friend. *Too Many Magicians* was nominated for the Hugo Award in 1967, and the complete Lord Darcy series later won the Sideways Award for Alternate History.
